

MANAGEMENT “HOW-TO” GUIDES

- Form groups of three and divide the three Padlets amongst the three of you.
- Independently, you will study the materials housed in your designated Padlet. Record the most important ideas in terms of “How-to” Tips (use the organizer below or make a Google Doc for your triad). It’s also fine to follow “rabbit trails” suggested by the Teaching Channel, Edutopia, etc.
- If there is time, meet with someone who studied the same Padlet as you did to compare notes, clarify questions, etc.
- After the allotted time, meet back in your group of 3 and share your top 3 “how to” take away-s from the Padlet you studied. Take notes on your groupmates’ “How-To” Tips using the organizer or Google Doc

“Group-Work Guru” (Logistics) <i>How to Make Group Work... Work!</i>	“Getting Along in Groups” <i>How to Foster True Collaboration</i>	“Time” <i>How to Make the Most of Class Time</i>
Take notes on the materials you examine on your Padlet. Be prepared to share your top 3 How-To Tips ” with your teammates.		

Management Issues Jigsaw

Group Work Guru – 5-12

<http://padlet.com/doubetkj/groupwork>

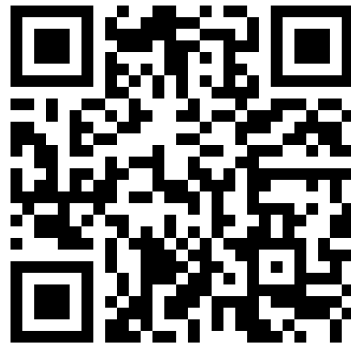

- Follow the instructions on the screen. You will read, watch, and examine materials and then report your findings to those who competed different Padlets.
